

Surf Kayak Coaching Brittany, 8th to 12th Sept 2025

John-Paul Eatock, Matt Holyer and Glen Scott leads the surf kayak trips to Brittany. We've been running Surf kayak trips to Brittany since 2018, with each year building on the last to find the best surf as well as the tastiest patisserie's! Les Pins is a brilliant venue allowing us to camp or stay in Chalets for a very reasonable price just a short drive away from many fantastic beaches on the Crozon peninsula, some years they even let us run a rolling session in their pool!

The Crozon offers so many different angles of beaches so that no matter what direction the swell or how big it is we can find the perfect kayak surfing spot!

What level paddler do I need to be?

We are happy to work with novice through to advanced. Once the surf kayakers have shared their level of experience and aspirations with us, we endeavour to pick the best spot to suit your ability and needs.

Where?

The plan is to be flexible, given the weather, with a focus around **The Crozon Peninsula**, the middle peninsula of Brittany. It is central, and as such has many options and angles of beaches for catching great surf.

We will base ourselves at a campsite that is typically Breton, just a short drive away from a stunning beach with either camping or caravan options.

Check out the website:

<https://www.camping-crozon-lespins.com/campsite-france-brittany.html>

When?

Exact departures are up to you, many choose to extend their holiday, but for the coaches coming from the South West we will be traveling:

Departure from (Plymouth) UK: Sun 7th Sept 2025, 22:00. Arrival (Roscoff): Mon 8th Sept 2023, 08:00.
until

Departure from (Roscoff) France: Fri 12th Sept 2025. 15:00. Arrival: 20:10.

The dates have been chosen to take best advantage of the tides and the warm, clear September water. Add some autumn sunshine and it will be perfect.

Within those ferry times is then some additional travel time for the coaches to make it to the camp site where we will then unpack our things into the Challet and meet you all to talk through everyone's aims for the week as well as split ourselves into smaller coaching groups. This means the first coaching session will be on the Monday afternoon and followed by 3 further full coaching days. On the Friday we usually have an early morning free surf together before having to leave the beach around 11am.

**What's included?**

Full coaching/guiding on the water.

What will I need to bring?

We can hire out the equipment to you, however it is best if you bring your own water gear as you know how it works best. If you need surf kayak gear, please contact courses@surfkayakcoaching.com.

You will also need to bring your own camping gear and we would recommend to bring some food, aiming to top up whilst you are in France (we find the wine and bread particularly agreeable). Please remember to bring a memory stick to keep all of the video footage that will be taken to help with your personal development and coaching.

What is the cost?

The cost for the trip coaching is £462pp including booking admin fees.

Who do I pay?

Please visit www.surfkayakcoaching.com – got to Surf kayak Brittany page and click 'Book Online' OR contact courses@surfkayakcoaching.com.

What is not included that I will need to budget for?

Your ferry fee, sustenance, camping and adequate insurance. For the overnight ferry you will need to book a reclining seat or more. For the day time ferry you will not have to book a seat etc unless you choose to. We would recommend that you go in your own vehicle to allow yourself flexibility. If you wish to share one of our vehicles or split the cost with another client, please get in touch with us.

We're very excited and know this trip is going to fill up quickly for sure. Don't delay - book now!
